FREY VINEYARDS
America's Pioneering Organic Winery
Organic, No Sulfites Added Wine Since 1980.

Founded in 1980, Frey Vineyards was America's first organic winery. Still family owned and operated after 30 years, we are committed to providing highest quality, award winning wines without the use of synthetic sulfites or other chemical additives or processing aids.

We believe in low impact winemaking and rely on top quality fruit to produce our delicious wines. We never add sulfites, never adjust acid and sugar content and are committed to 100% organic processing. Because we do not manipulate our wines, the flavor mirrors the organic fruit that is the base of our product. We network with several local family-owned vineyards to bring you the finest Organic wines.

All Frey Wines are Organic, from the vineyards, to the cellar to your table.
