VERTVS Vintage Cabernet Sauvignon - Tempranillo

Winemakers: Bodegas Iranzo
Appellation: D.O. Utiel Requena
Varietals: Cabernet Sauv & Tempranillo (50%/50%)
Bottles Produced: ~150.000 bottles

Production Area: All of the production is obtained from the Estate FINCA CAÑADA HONDA. The production area includes lime soils which are ideal for obtaining colorful wines. Also the sand textures of these lime soils benefit the ripening of the grapes. The vineyard is situated 800 – 850 meters above sea level with an N / SE orientation resulting in maximum sunlight exposure.

Training system: The vines are guided by the Gullot doble system, although the vines are not held. This system enhances the airing of the vines, avoids the emergence of cliptogamic diseases. Also, a shading cover of the vegetation avoids the direct impact of the sun on the vines.

Hectares of Production: 62 hectares

Vinification: Only flower must (not pressed) is used for the elaboration of this wine. The fermentation is controlled at a maximum temperature of 28°C. The maceration process lasts 14 days approximately. Scraping and crushing with rubber rollers. Vatting, devatting and malolactic fermentation in December.
