

# BEAVER CREEK

## VINEYARDS

**2017 SAUVIGNON BLANC, Horne Ranch, Lake County**  
**Made with organic grapes, Demeter Certified Biodynamic®**

Situated just below the shadow of Mount Saint Helena on the Lake County side of Highway 29, Horne Ranch has a unique mix of rich, volcanic soil and mountain valley loam. The ranch is ideally situated at 1000 feet, surrounded by mountains and valley streams.

Clean, refreshing and light bodied with lively fruit flavors of passion fruit and citrus prevail across the palate. The wine is enhanced with a fresh natural acidity which provides vibrancy and length on the finish.

The grapes come from 44 years old dry farmed vineyard and the yield is about 2 tons per acre. This vineyard is CCOF Organic Certified in 2009 and Demeter Biodynamic Certified in 2010. Our wines are vegan friendly.
