

BEAVER CREEK

VINEYARDS

2013 Cabernet Sauvignon, Horne Ranch, Lake County, Made with Organic Grapes & Biodynamic® certified

The 2013 Horne Ranch Cabernet Sauvignon is a pure expression of the pristine, natural setting from which it came. Situated just below the shadow of Mount Saint Helena on the Lake County side of Highway 29, Horne Ranch has a unique mix of rich, volcanic soil and mountain valley loam. The ranch is ideally situated at 1000 feet, surrounded by mountains and valley streams.

This release offers classic richness, youthful elegance and texture. The wine introduces itself with alluring, perfumy aromatics followed by flavors of blackberry, cassis, black cherry, dark chocolate, tobacco, peppery spice and a touch of vanilla. The tannins are ripe and refined, holding out great promise for decades of cellar age. While enjoyable today, this wine will gain richness and maturity with up to 20 years of careful cellaring.

This wine reflects the climate and soils of our Horne Ranch vineyard sites and Beaver Creek's commitment to biodynamic farming and quality handcrafted winemaking.

REGIONS: Horne Ranch, Lake County

RELEASE DATE: September 1, 2015
