

WINE into H₂O

Monde eau

Mountain Peoples Wine Distributing is proud to bring you a unique and altruistic line of organic wines. Monde eau Wines has been established to support humanitarian efforts that supply safe drinking water across the developing world.

Even in today's age, water is a natural resource that many in the Western World take for granted. A sustainable clean water supply is the building block of any community, and many communities in the developing world still do not have the resources to meet this basic need.

Monde eau Wines will donate all of its profits from the sale of its wines to charity: water (www.charitywater.org). This non-profit organization is devoted to bringing clean drinking water to people with the greatest need. Last year, Monde eau Wines donated \$10,000 to charity: water. This contribution went directly to fund a water filtration project for an elementary school in Nepal. This year, they are looking to double their impact.

Mountain Peoples Wine Distributing will be offering 4 Monde eau Wines in California for the first time at \$78.00 per case. We hope that you will be able to work with us to ensure the movement of these wines with a cause by offering them at a retail price of \$9.99. Mountain Peoples Wine Distributing will be donating an additional \$6.00 per case sold to Monde eau Wines to match their contribution. 100% of all money raised will go directly to charity: water to fund water projects.

We have excellent POS to assist in sales and the promotion of the wines. We would appreciate your partnership in our efforts to continue the work of Monde eau Wines.

Monde Eau Riesling 2012
Monde Eau Chardonnay 2012
Monde Eau Syrah 2011
Monde Eau Cabernet Sauvignon 2011
